From The Desk of the Chairman

“All round performance improvement in a challenging environment”

Dear Shareholders,

I hope you and your family are safe and in good health.

It is a pleasure to share my thoughts through this narrative as India and all of India Inc. are on to a firm footing on progress and development. Despite considerable volatility in H1, we achieved very good growth in FY22. The year 2021-22 was characterised by all round performance improvement in a challenging environment. In the 4 key priorities of Revenue growth, Profitability, Return on Invested Capital (ROIC) and Free Cash Flow (FCF), your Company delivered a strong performance.

We achieved a revenue of ₹337 crores in FY22, a 56% growth compared to the previous year. Our Profit Before Tax (PBT) at ₹58.7 crores was 125% higher than what we reported in FY21. Our Net profit scaled by 111% to ₹42.5 crores. I am happy to share that the Return on Invested Capital (ROIC) improved to 36% in FY22 from 15% in FY21, We generated a Free

Cash Flow of ₹34.1 crores during the financial year and registered 61% growth over the previous year.

Our product and service quality helped us to achieve a robust order inflow. Our Pending order book as of 31 March 2022 was ₹280 crores against ₹225 crores in the previous year. During the year, the Company had booked orders of ₹386 crores, a growth of 27% over the previous year.

I am immensely proud of some of the path-breaking achievements of the team in developing and delivering customised products that were the first time for the nation. In doing so, we have made a small, yet meaningful contribution towards creating an Atmanirbhar Bharat. I thank the entire team of Shanthi Gears for their invaluable contribution to our stellar performance.

As we are going to complete the 50th year of your company we look ahead with confidence and

optimism to make major strides in the industry in the years to come. The foundation laid so far would help us to serve customers better with added focus on new products & technologies, top class quality and service. We would also continuously upgrade our manufacturing processes and technologies towards this end.

In closing, I take the opportunity to thank the entire team for its unwavering passion displayed during the trying times in meeting customer commitment and achieving business goals. I express my sincere gratitude to my fellow Directors for their proactive contributions in drawing and supporting the contours of the Company's strategies. I thank all other stakeholders, including our esteemed shareholders, for their continued support.

Sincerely

L. Ramkumar

Over the last 50 years of our journey, there are many things which we have done very faithfully, other than making gears.

We have **explored.**
We have **learned.**
We have **imbibed.**
We have **improved.**
We have **ideated.**
We have **innovated.**

Our patience and persistent efforts have helped us to build an intellectual capital that is as wide as it is deep.

This invaluable asset has allowed us to remain alive to sectoral dynamism and agile to customise superior products. That stands the test of time.

Setting New Heights

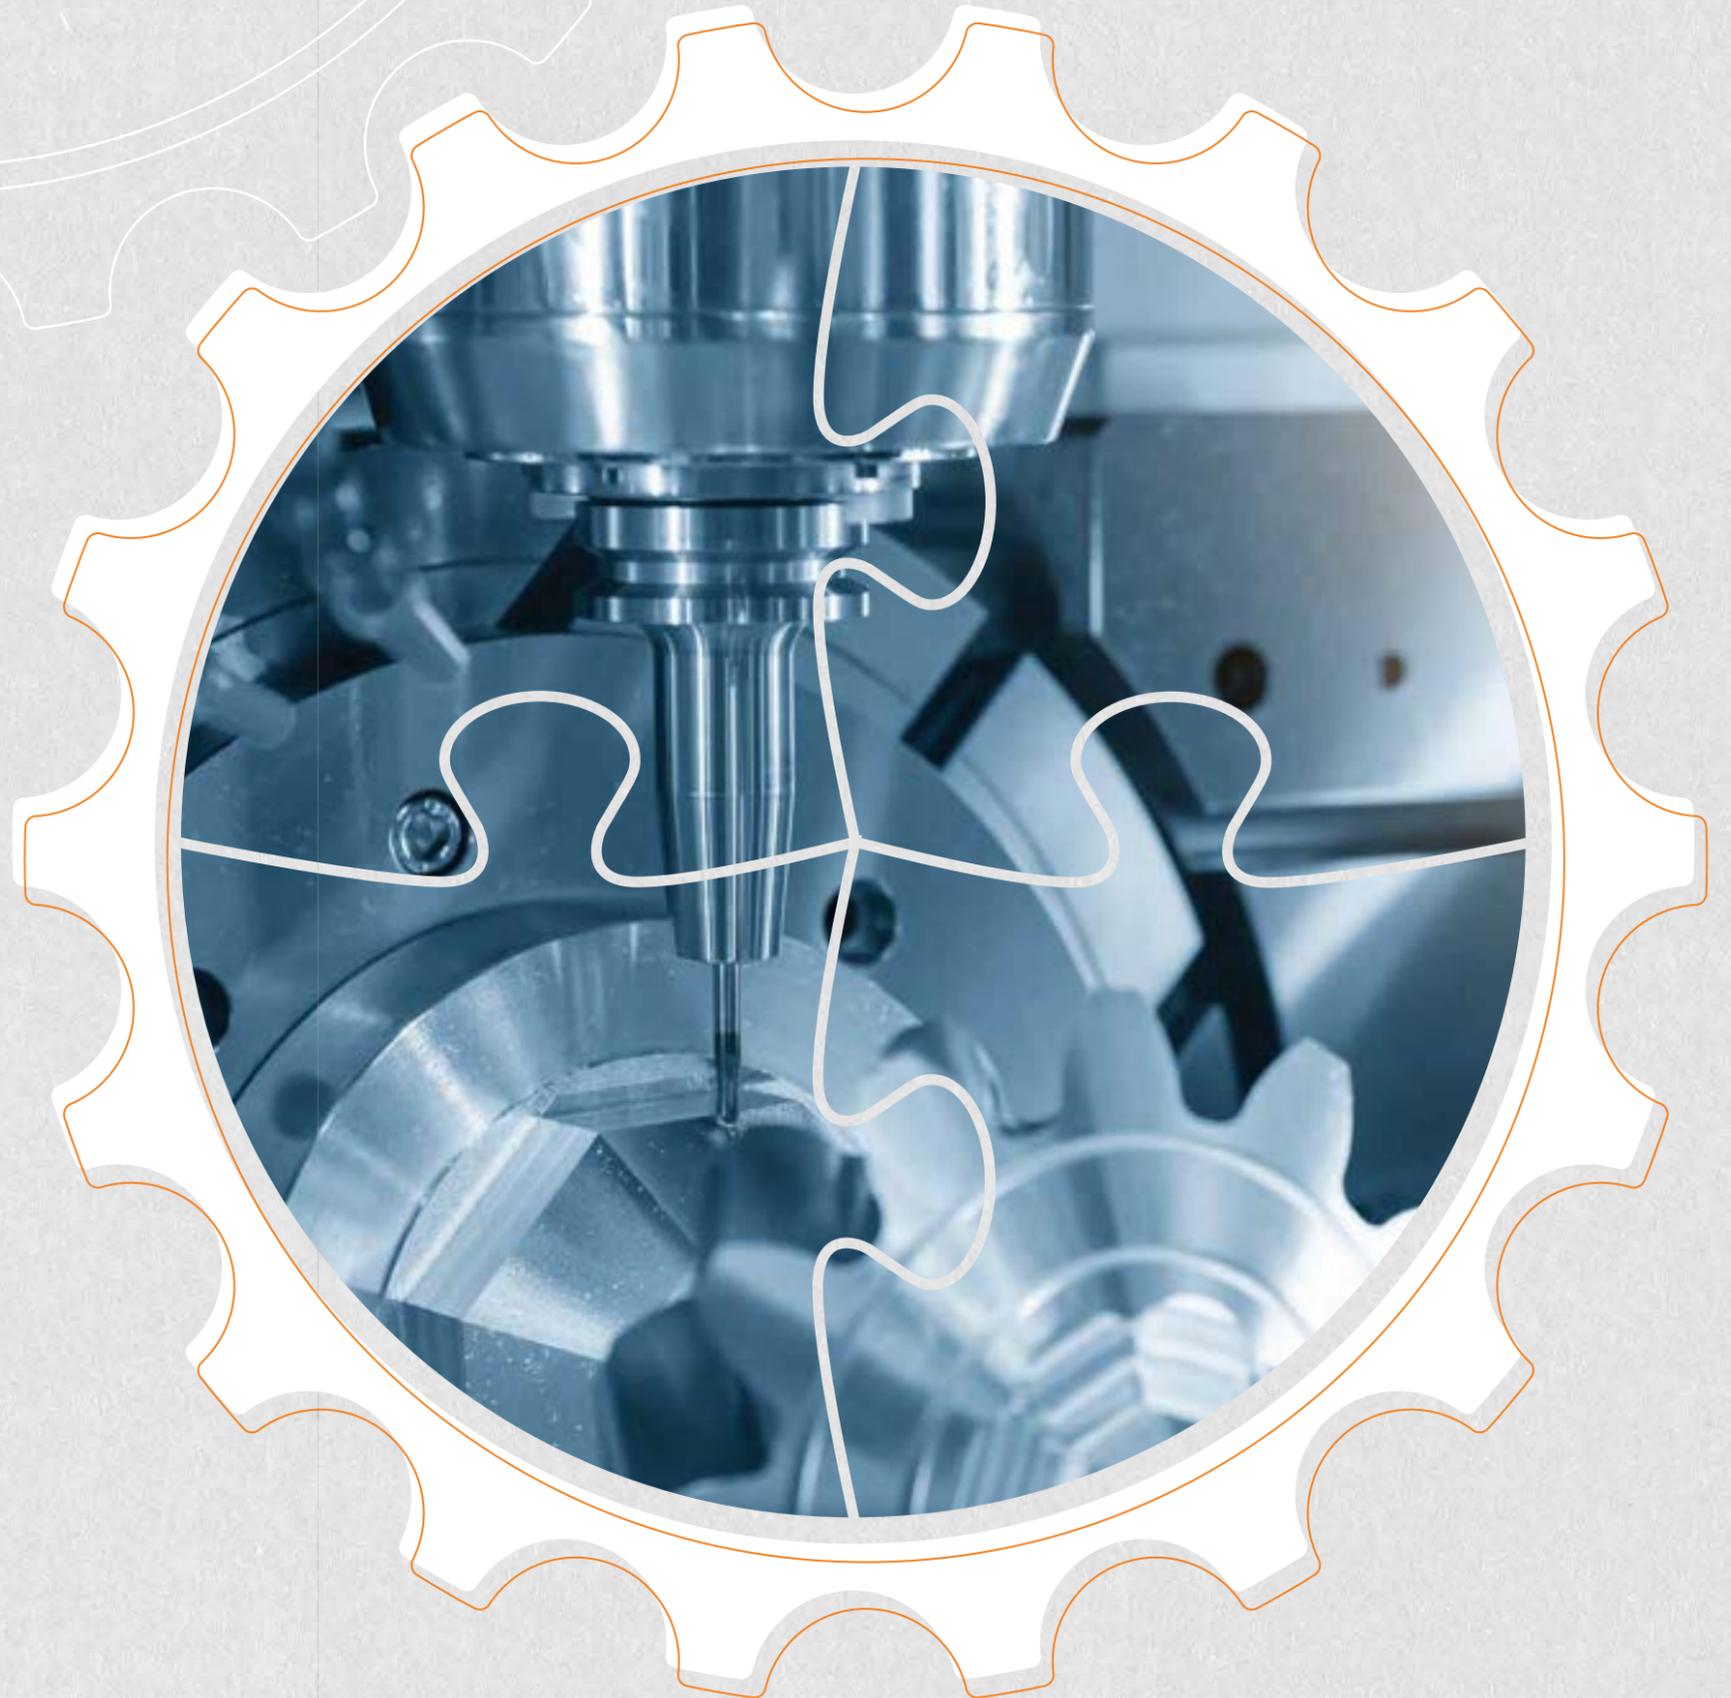

We focus on customised solution

Manufacturing gears and gearboxes are one thing and customising them is quite the other.

This demands in-depth knowledge of 1) Application and its operating environment, 2) Selection of effective input material, 3) Supply Chain Management, and 4) Testing methodology, among the host of other factors. Moreover, all these factors vary widely with every application, customer and Industry served.

At Shanthi Gears, we thrive on these challenges.

Our passion is to develop new products for diverse sectors ranging from conventional to emerging sectors with a large product offering - we have developed gears from 25 mm dia to 3,200 mm outer dia catering to a multitude of applications.

Setting New Heights

We enhance knowledge, on- the-job!

Marketing gearboxes and solutions are one thing. Servicing them is quite the other.

Gearboxes make equipment move be it a cycle or earth-moving equipment or a wind turbine. Hence, gearboxes need to be in motion all the time. A malfunction in the gearbox is detrimental to the user's performance & prospects.

We never hesitate to service gears of any make – Indian or global. We look upon this as an opportunity to grow our knowledge. We consider this as a platform to create and foster relationships.

We undertake such challenges and the refurbished gearboxes are supplied under Shanthi Rebuild brand.

With strong Engineering, Design and State-of-the-art manufacturing facilities we are able to associate in development, supply, servicing and validation of gearboxes for critical application. Our products are widely used in Steel, Cement, Power, Mining etc.

Our Gears and Pinion are used in safety critical applications like Railway and Aerospace.

Setting New Heights

We deliver first-time solutions.

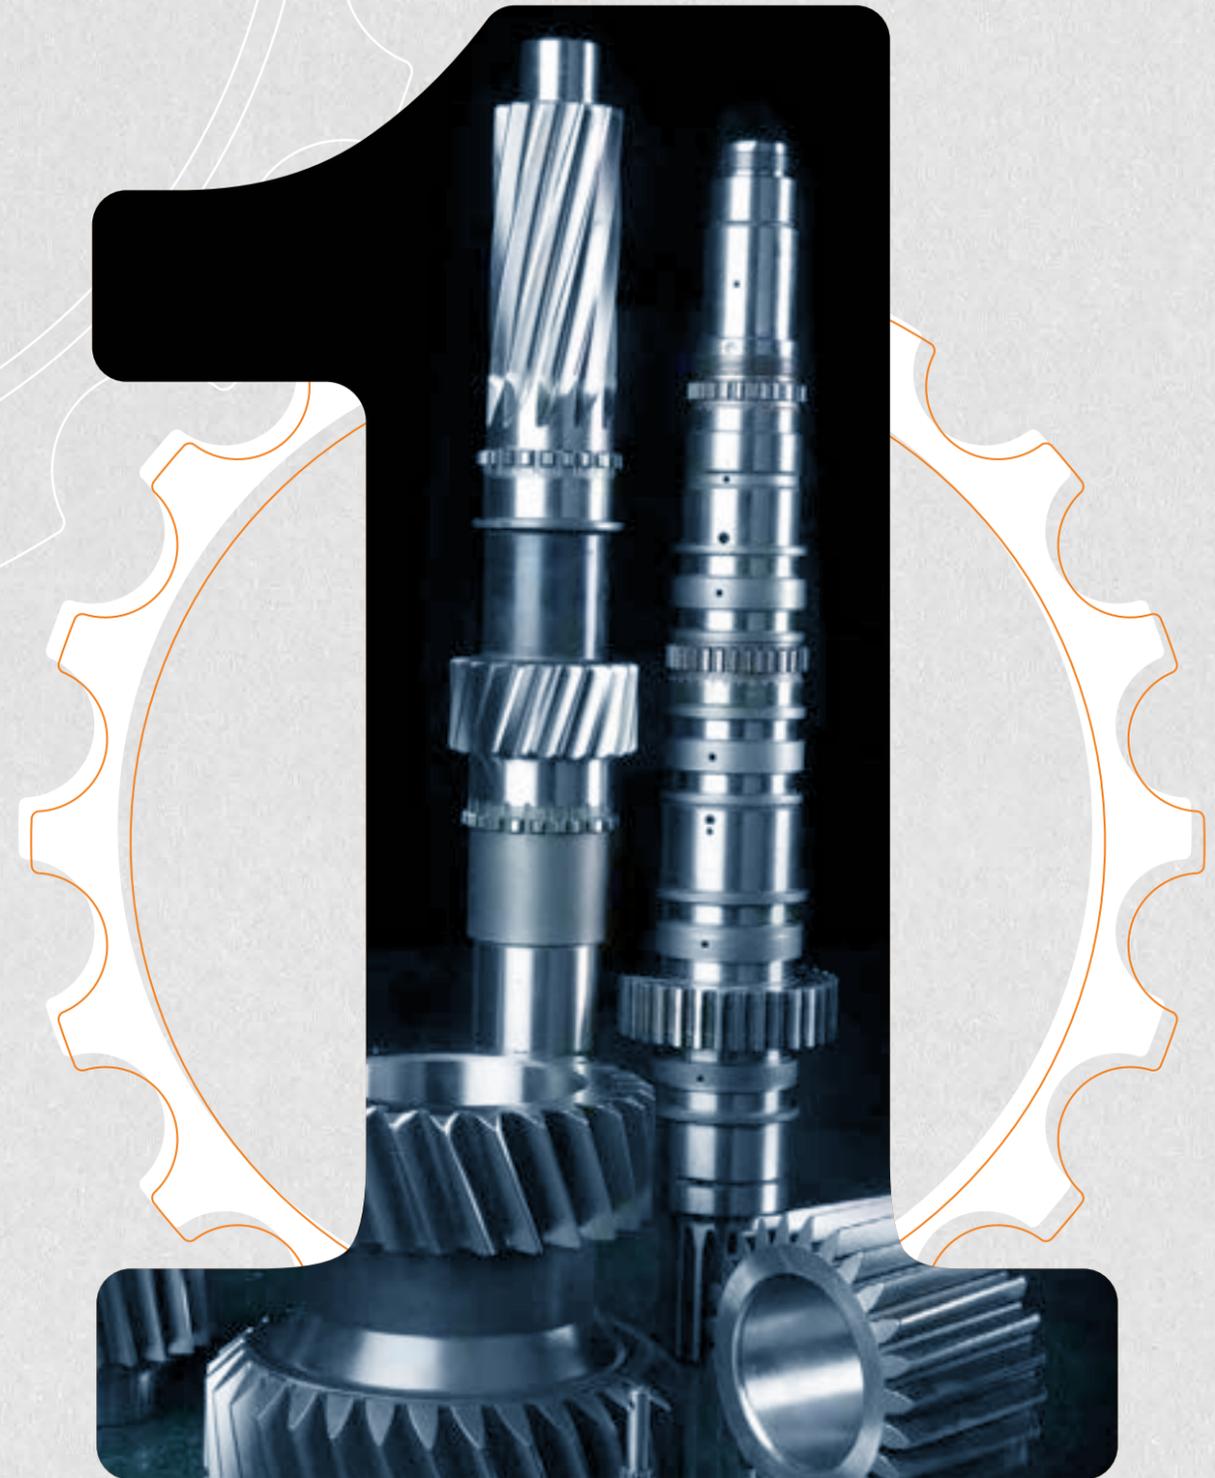

Ideating on improvements is satisfying and Innovating novel solutions is blissful.

Innovation comes with its challenges – entering uncharted territories, expending resources (time and money) and then the risk of failure.

At Shanthi Gears, we have committed ourselves to widen the market with first-time solutions. Because this is

the true test of the effectiveness of the intellectual capital resident within the organisation. We have been able to develop path-breaking products which were hitherto imported.

Products developed innovatively are validated through simulation, field trials and condition monitoring.

About the Company

Shanthi Gears Limited (SGL) is one of the **leading players in gear manufacturing and servicing in India.**

SGL is the first industrial gear manufacturing company in India having AS 9100D certification (Aero Standards) with fully-integrated operations, a strong in-house R&D and insightful design capabilities.

A subsidiary of Tube Investments of India, and part of the multi-billion dollar Murugappa Group, SGL is an Industrial Gearing Solutions company that designs and manufactures Gears, Gearboxes, Geared Motors, and Gear Assemblies.

Commencing business as a gear manufacturer for the textile industry in 1969, the Company has, over the years, diversified into manufacturing standard (off-the-shelf) and customised (non-standard) gears and gearboxes.

SGL is driven by the philosophy of innovation to create greater value for its customers and for widening the industry pie by leveraging its knowledge.

With a rich experience of nearly half a century, the Company has created a wide range of product portfolio that encompasses a range of customised gearboxes, loose gears, worm gearboxes and helical gearboxes used across various industries such as Steel, Power, Cement, Mining, Sugar, Off-Highway, Defence and Railways.

The Company operates in three manufacturing locations including one foundry in Coimbatore and operates with a team size of more than 1,000 passionate and persevering members. The Company operates a strong marketing network of 15 offices across India with 50 sales/service engineers and a strong distribution setup.

Our competitive advantage

Experience

We possess nearly five decades of experience in the Industrial gear manufacturing and servicing space. We have experienced the entire life-cycle of India's industrial transformation and continue to remain relevant.

Diversity

We have it with us to challenge the odds. Our innovative zeal has allowed us to create one of the largest product basket in our business space catering to diverse sectors and applications.

Precision

Our modern cutting-edge technology, our streamlined processes and stringent quality parameters enable us to deliver robust, high-precision products.

Service

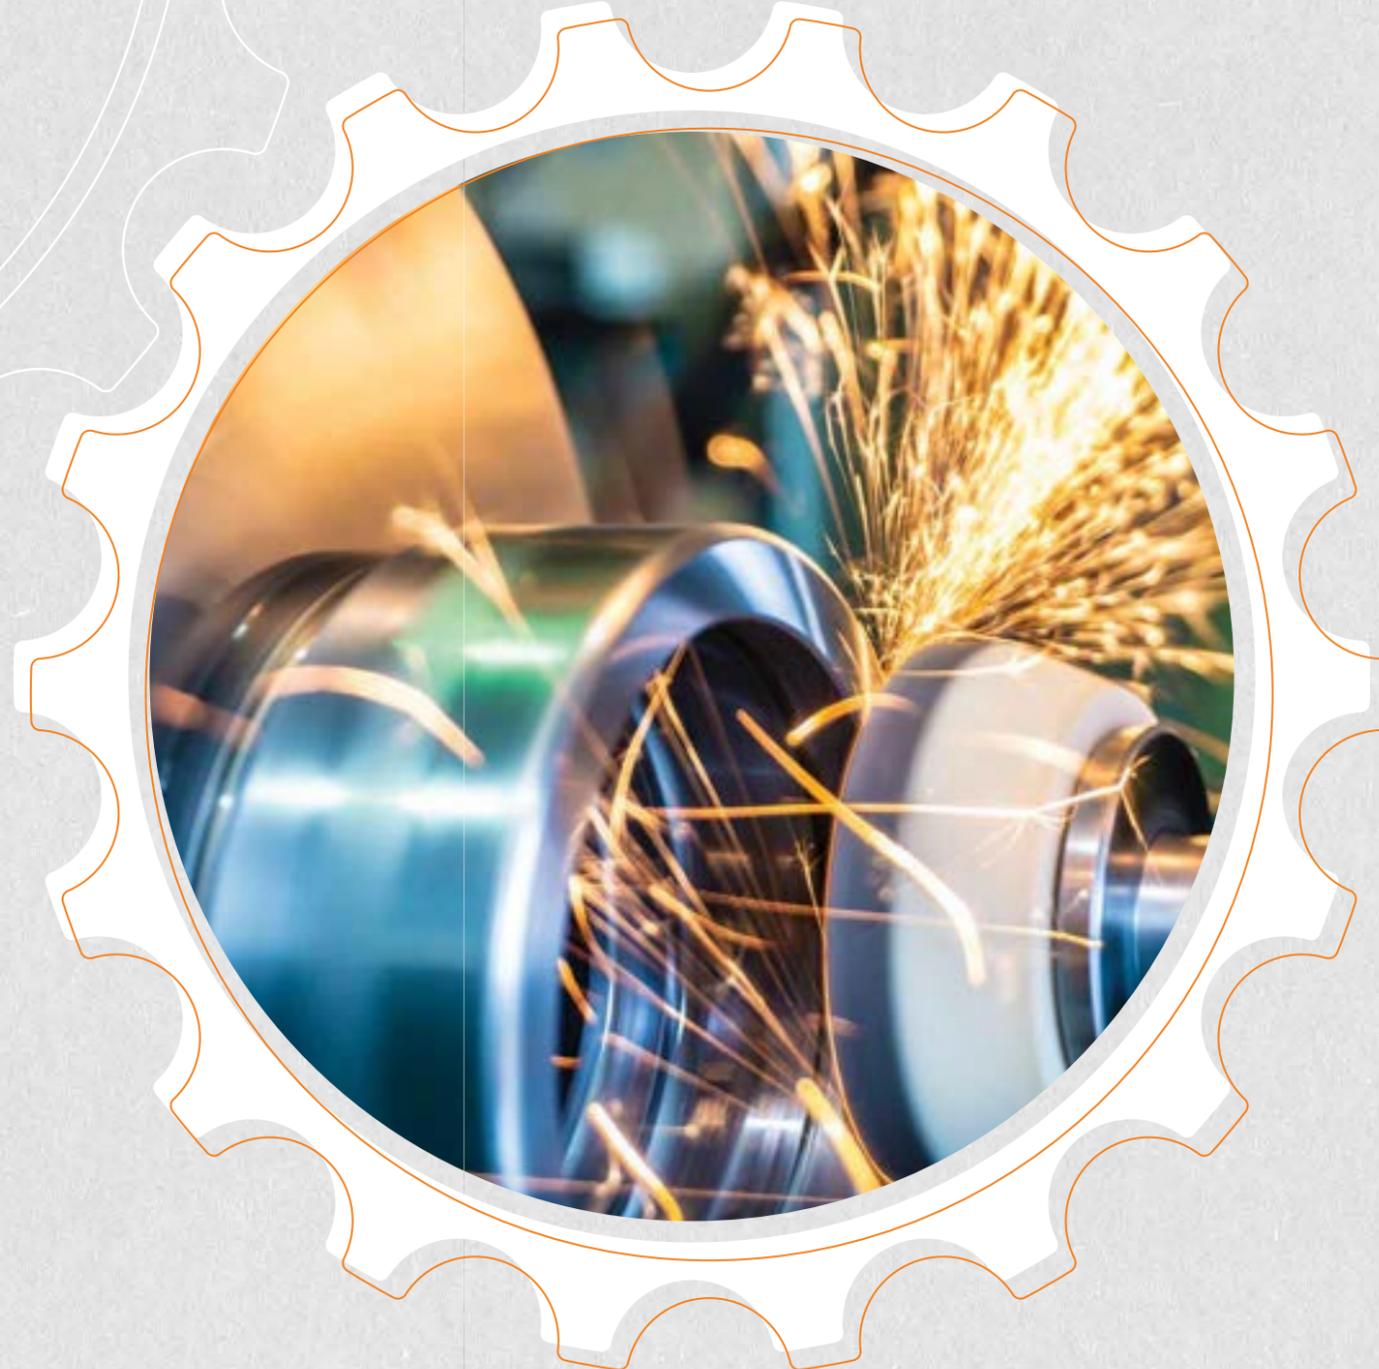

We can service/repair any gear – made by domestic or international gear manufacturers. It widens our acceptance among our customers.

End-to-end capability

We provide end-to-end solutions - from the development of a new product to the finished goods and servicing which makes us a one-stop-shop for customers' gear requirements.

Customisation

Our innovative zeal and our knowledge of the material, motion and usage allow us to customise products to specific customer requirements. It cements lasting customer relationships and makes us less vulnerable to market vagaries.

BOARD'S REPORT AND MANAGEMENT DISCUSSION & ANALYSIS

Dear Shareholders,

Your Directors have pleasure in presenting to you the performance of the Company, for the year ended 31 March 2022

1. Business Environment

The Business environment during FY22¹ was competitive mainly in the first half year. The last two years have been difficult for the world economy on account of the COVID-19 pandemic. Repeated waves of infection, supply-chain disruptions and Global inflation have made the policy-making more challenging. Further the war in Ukraine has triggered a costly crisis that demands a peaceful resolution. At the same time, economic damage from the conflict will contribute to a significant slowdown in global growth in 2022 and add to inflation. Global growth is projected to slow from an estimated 6.1% in 2021² to 3.6% in 2022 and 2023

On the Economy

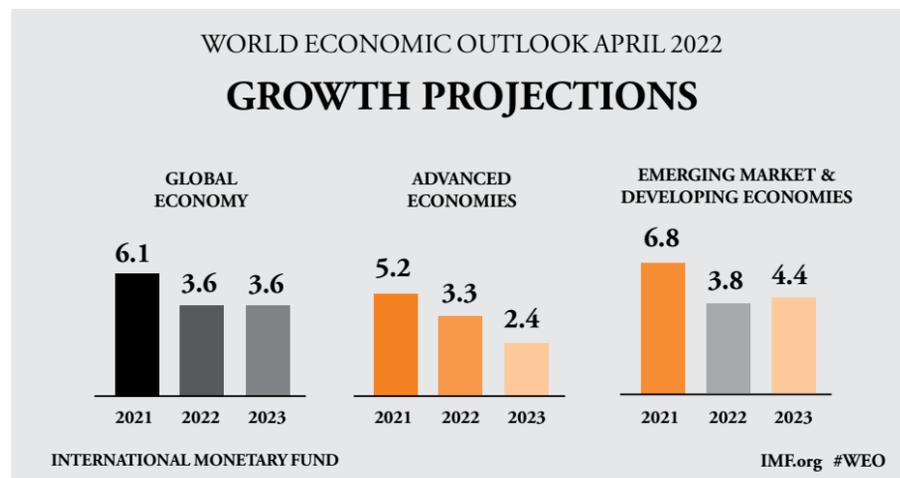

Global Economy: In 2021, the global economy resurged with strength. The global GDP increased by 6.1% against a contraction of 3.1% in 2020. This stellar performance was primarily due to the fiscal support given by nations across the globe (particularly the advanced economies), the widespread vaccination in advanced and developing and emerging markets,

the lifting of lockdown restrictions in many countries and the renewal of commercial activities across the globe.

Global trade climbed to US\$28.5 trillion in 2021 surpassing the pre-pandemic level of 2019 by 13%. Global trade in services rose by US\$50 billion to touch US\$1.6 trillion.

Global manufacturing production increased by 9.4% in 2021 after a 4.2% contraction in the previous year. The world was all set to sustain its momentum in the current year only to be thwarted by the global geopolitical crisis. This challenge has further intensified prevailing supply-chain issues, in addition to leading to a significant rise in food, fuel and commodity prices, dampening the prospects of sustaining the global economic recovery. The effect of inflation is expected to be more on emerging and developing nations than on advanced economies.

The International Monetary Fund in its document dated April 2022, has reduced its global GDP growth estimates for 2022 and 2023 to 3.6%.

¹ [Reference to any year FY19, FY21, FY22, FY23 – is Fiscal Year (April-March)]

² [Reference to years 2019, 2020, 2021, 2022, 2023 – is Calendar Year (January- December)]

Indian Economy: Aligned with the global trend, the Indian economy reported a healthy reversal in the economic trend as India's GDP grew by 8.7% in FY22 against a contraction of 6.6% in FY21.

While the agriculture segment improved its performance (from a 3.6% growth in FY21 to a 3.9% growth in FY22), the important thrust to the economy came from the industrial sector (growth of 11.8% in FY22 against a contraction of 2.8% in FY21) and the services sector (growth of 8.2% in FY22 against a contraction of 7.8% in FY21).

The keen thrust on vaccination drives across the Indian landmass helped drive fear out of the minds of Indians. Further, the Government's favourable policies attracted significant investment by the private sector which resulted in a significant uptick in industrial and services activity across the nation. Exports reached a new pinnacle as the world looked upon India as a key supply partner in the wake of global supply chain disruption.

India's fiscal deficit position improved to 6.7% of the GDP over the revised budget estimate of 6.9% mainly on account of higher tax realisation.

India's economic resurgence would have been more pronounced had it not been for the geopolitical crisis that erupted towards the close of the fiscal. The resultant inflationary pressure from this crisis weighed on India's performance in the last quarter of FY22. It will continue to do so in FY23.

As a result, the Reserve Bank of India (RBI) has lowered its estimate for India's GDP growth in FY23 from the earlier 7.8%

to 7.2%. Despite this drop, India is expected to remain the fastest growing major economy in the world.

On the Industrial Gear Industry

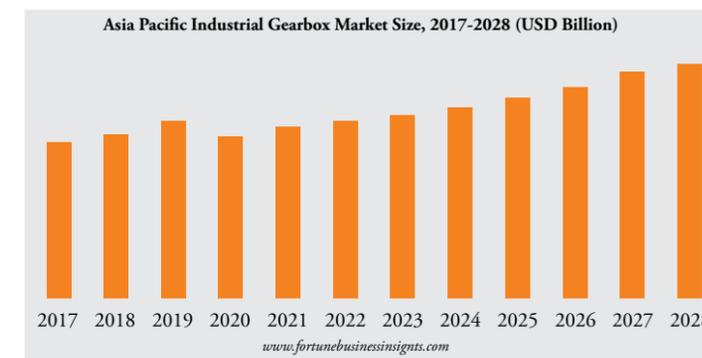

Global gear sector prospects: The global industrial gearbox market was worth US\$26.17 billion in 2020. It is anticipated to be around US\$38.10 billion in 2028 with a CAGR of 4.5% during the 2021-28 period. The pandemic has, to some extent, derailed these estimates.

What are gears? Gears are mechanical devices that are used to transmit motion and torque through engagement with other gears, shafts, or some other parts. Gears can be standardised as well as highly customisable too. The applications for industrial gears are diverse and they can be used everywhere where speed reduction, speed increase, power transmission, motion transmission, and force reduction are needed.

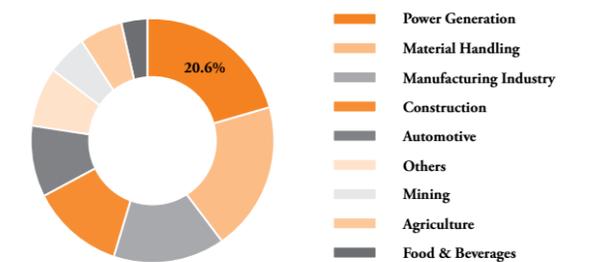

A gearbox is an enclosed system of collection of gears that put the gears in a usable format. Gearboxes can be used in many different devices for a wide range of applications. These machines can be found attached to cooling towers or conveyor belts among many other machines. Many large industries such as paper, cement, sugar and steel use a mix of these gearboxes depending on their functionality.

Needed as speed reducers, planetary gears are mainly used in motorised wheels, automatic door openers, conveyors, fluid transfer, appliances, tools and robotics.

Helical gearboxes are used with winding tooth lines and parallel shafts. A worm gear motor is used in heavy-duty operations such

Global Industrial Gearbox Market Share, By End-user, 2020

as fertilizers, chemical and minerals and is used for increased speed reduction between non-intersecting crossed axis shafts.

Indian gear sector prospects: India, an agricultural economy till now, is steadily taking giant strides toward an industrial world. Manufacturing has emerged as one of the high-growth sectors in India. The Prime Minister of India launched the 'Make in India' program to place India on the world map as a manufacturing hub and give global recognition to the Indian economy.

The Government of India has taken several initiatives to promote a healthy environment for the growth of the manufacturing sector in the country. Some of the notable initiatives and developments are:

The PLI Scheme: Production-linked incentive (PLI) schemes are a cornerstone of the government's push for achieving an Atmanirbhar Bharat. The objective is to make India's domestic manufacturing globally competitive and to create global champions in manufacturing. The Union Budget 2022 detailed an outlay of ₹1.97 Lakh Crores over five years for the PLI Schemes in 13 key sectors.

The Union Budget 2023: The MSME sector received a boost with the extension of ECLGS and an increased guarantee cover of ₹50,000 crore (US\$ 6.55 billion).

The Union Budget 2022: This budget document promised to enhance India's domestic growth in manufacturing, trade and other sectors. The development of a robust infrastructure, logistics and utility environment for the manufacturing sector is a primary focus field.

All these factors point to one reality, the demand for gears will remain strong over the coming years.

Sector-wise prospects

Infrastructure: The Government plans to invest about ₹102 lakh crore on infrastructure projects by FY25. During fiscals 2020 to 2025, sectors such as Energy (24%), Roads (19%), Urban (16%), and Railways (13%) amount to around 70% of the projected capital expenditure on infrastructure in India. The infrastructure in India is estimated to grow at an approximate 7% CAGR up to FY25.

The urban transport solution: India is planning to spend US\$507 billion to build urban transport solutions and interstate

expressways in the next 10 years, out of which US\$151 billion will be spent to build sub-urban and metro systems in 100 Indian cities and more than US\$100 billion for building high-speed rail networks. In addition to that, US\$256 billion will be spent on expressways.

Steel: The Indian steel industry is a modern cutting-edge establishment that strives for a continuous increase in excellence and quality. Recently, it has emerged as the second largest steel producer in the world, going past Japan. In keeping with the growing investment in infrastructure, steel demand is expected to grow multi-fold over the next decade – from 106 Mn T in FY22 to 230 Mn T by FY31. Further, in July 2021, the Union Cabinet approved an ₹6,322 crore PLI scheme to boost the production of specialty steel in India.

Cement: The prospects of the cement sector are closely dovetailed with the development of infrastructure. Owing to the aggressive thrust by the Government on developing world-class infrastructure, the prospects of the cement industry appear particularly positive. India's overall cement production in FY21 was 294.4 million tonne (MT)- this is expected to reach 419.92 MT in FY27.

Crane and Material Handling: Indian material handling equipment market is part of the much bigger Indian manufacturing scenario. The crane market in India was worth \$922 million in 2021 which is expected to grow to \$1,248 million in FY27 with a CAGR of 5.3% between 2022 and 2027. Additionally, the rapid growth of the warehousing sector is expected to provide impetus to this growth of this business space.

Railway: Demand from Electric Locomotive, Electric Multiple Units, High-Speed Trains and Diesel Multiple Units & Diesel Electric Towers Cars will witness a surge in demand due to aggressive Production Plans announced by the Railway Board wherein there are plans to add 40% additional capacity annually. The Make in India Initiative for the Vande Bharat Express will be a game changer for the Indian Railways.

Extrusion: The escalating demand for extruded plastic products in the consumer goods, packaging, automotive, and construction sectors is primarily driving the plastic extrusion machines market. Additionally, the shifting preferences towards automated plastic processing and manufacturing are further catalysing the market growth. Besides this, the elevating requirement for these processes in manufacturing fixed cross-sectional products with high accuracy is also augmenting the global market. In India, this segment is expected to grow by 4.5% up to FY27.

India has the potential to become a global manufacturing hub by 2030. It can add more than US\$500 billion annually to the global economy.

ANNEXURE A TO THE BOARD'S REPORT

DIVIDEND DISTRIBUTION POLICY

1. Background

This Policy is formulated in accordance with Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), 2015 introduced on 8 July 2016. This policy will be effective from 29 March, 2021, being the date of its approval by the Board of Directors of the Company.

2. Objective

The objective of this Policy is to lay down the criteria and parameters that are to be considered by the Board of Directors of the Company while deciding on the declaration of Dividend from time to time. This Policy is applicable to dividend declared/recommended on the equity shares of the Company and does not cover dividend on preference shares, if any, where the rate of dividend is governed by the terms of the issue of preference shares or any other form of dividend.

3. Parameters to be considered for declaration of Dividend

The Board of Directors may declare interim dividend / recommend final dividend for consideration of shareholders of the Company.

As in the past, subject to the provisions of applicable laws, the Company's dividend pay-out will be determined by the Board of Directors from time to time based on the available financial resources, investment requirements and other factors more fully described hereunder. Subject to these parameters, the Company would endeavour to maintain a total dividend pay-out ratio (dividend inclusive of any tax on distribution of dividend in the hands of the Company) of about 25% of the annual standalone profits after tax after adjusting for payment of preference dividend, if any.

The Board of Directors of the Company will consider the following parameters while recommending / declaring Dividend:

3.1 Financial Parameters / Internal Factors

1. Standalone / net operating profit after tax;
2. Operating cash flow of the Company for the year;

3. Liquidity position, aggregate Debt of the Company (both standalone and consolidated), debt service coverage position etc.;
4. Loan repayment and Working capital requirements;
5. Capital expenditure requirements;
6. Resources required for funding acquisitions, mergers and / or new businesses;
7. Cash flow required for meeting tax demands and other contingencies;
8. Regulatory (and growth requirement of) Capital Adequacy;
9. Regulatory (and growth requirement of) Solvency;
10. Trend of dividends paid in the past years;
11. Dividend receipt from subsidiaries;
12. Any windfall, extra-ordinary or abnormal gains made by the Company; &
13. Any other factor not explicitly covered above but which is likely to have a significant impact on the Company.

3.2 External Factors

1. Prevailing legal requirements, regulatory restrictions laid down under the applicable laws including tax laws and changes made in accounting laws;
2. Dividend pay-out ratios of companies in the same industry; &
3. Any other factor that has a significant influence / impact on the Company's working / financial position of the Company.

The Board of Directors may additionally recommend special dividend in special circumstances.

4. Circumstances under which the shareholders may not expect Dividend

The shareholders of the Company may not expect Dividend under the following circumstances:

- 4.1 In the event of inadequacy of profits or whenever the Company has incurred losses;
- 4.2 Significant cash flow requirements towards higher working capital requirements / tax demands / or others, adversely impacting free cash flows;
- 4.3 An impending / ongoing capital expenditure program or any acquisitions or investment in joint ventures requiring significant allocation of capital;
- 4.4 Allocation of cash required for buy-back of securities;
- 4.5 Any of the above referred internal or external factors restraining the Company from considering dividend.

5. Utilization of retained earnings

The Company may declare dividend out of the profits of the Company for the year or out of the profits of any previous year or years or out of the free reserves available for distribution of Dividend, after having due regard to the parameters laid down in this Policy. Profits retained in the business will be invested in the business / operations of the Company and may be used for augmenting working capital, repayment of borrowings, funding capital expenditure / acquisition(s) and for all other corporate purposes

6. Parameters to be adopted with regard to various classes of shares

Presently, the Authorised Share Capital of the Company is divided into equity shares of ₹1/- each. At present, the issued and paid-up share capital of the Company comprises only equity shares.

The Company shall first declare dividend on outstanding preference shares, if any, at the rate of dividend fixed at the time of issue of preference shares and thereafter, the dividend would be declared on equity shares.

Currently, the Company has issued one class of equity shares with equal voting rights. As and when the Company issues different class of shares, the Board of Directors may suitably amend this Policy.

7. Procedure

- 7.1 The dividend proposal placed before the Board for consideration shall be in terms of this Policy.
- 7.2 The Company shall ensure compliance of provisions of applicable Laws and this Policy in relation to Dividend declared by the Company.

8. Disclosure

The Company shall make appropriate disclosures as required under the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015.

9. General

- 9.1 This Policy would be subject to revision/amendment in accordance with the guidelines as may be issued by Ministry of Corporate Affairs, Securities Exchange Board of India or such other regulatory authority as may be authorized, from time to time, on the subject matter
- 9.2 The Company reserves its right to alter, modify, add, delete or amend any of the provisions of this Policy.
- 9.3 In case of any amendment(s), clarification(s), circular(s) etc. issued by the relevant authorities, not being consistent with the provisions laid down under this Policy, then such amendment(s), clarification(s), circular(s) etc. shall prevail upon the provisions hereunder and this Policy shall stand amended accordingly from the effective date as laid down under such amendment(s), clarification(s), circular(s) etc.

ANNEXURE G TO THE BOARD'S REPORT

REPORT ON CORPORATE GOVERNANCE

Your Company believes that the fundamental objective of corporate governance is to enhance the interests of all stakeholders. The Company's corporate governance practices emanate from its commitment towards discipline, accountability, transparency and fairness. Key elements in corporate governance are timely and adequate disclosure, establishment of internal controls and high standards of accounting fidelity, product and service quality.

Your Company also believes that good corporate governance practices help to enhance performance and valuation of the Company.

Board of Directors

The Board provides leadership, strategic guidance and objective judgement on the affairs of the Company. The Board comprises of persons of eminence with excellent professional achievement in their respective fields. The Independent Directors provide their independent judgement, external perspective and objectivity on the issues which are placed before them.

The Board consists of eight members, as on the date of this Report, with knowledge and experience in different fields. Mr. L Ramkumar, Chairman (Non-Executive), Mr. M A M Arunachalam, Director (Promoter, Non-Executive) and Mr. Mukesh Ahuja, Director (Non-Executive) are Non-Independent Directors in terms of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations). Mr. M Karunakaran is the Whole-time Director (Executive) of the Company.

Mr. J Balamurugan, Ms. Soundara Kumar, Mr. S K Sundararaman and Mr. Krishna Samaraj are Independent Directors in terms of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. None of the said Directors are related to each other. In the Board's opinion, all the Independent Directors of the Company fulfil the conditions specified in the SEBI Listing Regulations and under the Companies Act, 2013, and are independent of the management.

Members had approved the appointment of Mr. J Balamurugan, Ms. Soundara Kumar Mr. S K Sundararaman and Mr. Krishna Samaraj as Independent Directors for such terms as mentioned under the respective resolutions relating to their appointment in Notice of the Annual General Meetings. The Company had

issued letter of appointment to the said Independent Director as required under Schedule IV to the Companies Act, 2013 and the terms and conditions of their appointment have also been disclosed on the Company's website <http://www.shanthigears.com/wp-content/uploads/2018/07/Appointment-of-Independent-Directors-Terms-and-Conditions.pdf>

All Independent Directors have given a declaration that they meet the criteria of independence as laid down under Section 149 (6) of the Companies Act, 2013 and Listing Regulations

A certificate from Practicing Company Secretary as required under Listing Regulations confirming that none of the Directors on the Board of the Company has been debarred or disqualified from being appointed or continuing as Director of the Company by SEBI/Ministry of Corporate Affairs or any such Statutory Authority is enclosed as annexure B to this Report.

On their appointment, Independent Directors are familiarized about the Company's operations and businesses. As part of the familiarization programme, a handbook is provided to all Directors including Independent Directors at the time of appointment. The hand book provides a snapshot to the Directors of their duties and responsibilities, rights, appointment process and evaluation, compensation, Board Procedure and stakeholders' expectations. The handbook also provides the Directors with insight into the Group's practice.

The details of familiarization programme for Independent Directors are given in Company's website: Web link: <http://www.shanthigears.com/wp-content/uploads/2018/07/Familiarization-programme-for-Independent-Directors.pdf>

None of the Directors of the Company was a member of more than ten Board-level Committees or a chairman of more than five such committees across all companies, in which he/she was a Director.

Your Company has a well-established practice with regard to deciding dates of meetings. The annual calendar for the meetings of the Board is finalised early on in consultation with all the Directors. A minimum of five Board Meetings are held each year. Evolving strategy, annual business plans, review of actual performance and course correction, as deemed fit, constitute the primary business of the Board. The role of the Board also includes de-risking, investment, divestment and

business re-organisation. Matters such as capital expenditure, recruitment of senior level personnel, safety & environment, HR related developments and compliance with status are also reviewed by the Board from time to time.

The Board has identified business strategy, leadership, technology, finance and board insight skills, expertise and competencies are required in the context of the business. All the above core sets are available with the present Board of Directors. Board skill matrix is given in annexure A to this Report.

Towards succession planning, the Board also reviews its composition to ensure that the same is closely aligned with the business strategy and long-term needs of the Company.

The Company's commitment to good governance practice allows the Board to effectively perform these functions. The Company ensures that timely and relevant information is made available to all Directors in order to facilitate their effective participation and contribution during meetings and discussions.

There were five meetings of the Board during FY22. The dates of the Board meetings, attendance and the number of Directorships/ Committee memberships held by the Directors as on 31 March 2022 are given in **Table 1** of the annexure A to this Report.

The Committees of the Board *viz.*, Audit Committee, Nomination & Remuneration Committee, Stakeholders Relationship Committee, Risk Management Committee and Corporate Social Responsibility Committee have specific scope and responsibilities.

Audit Committee

The role of Audit Committee, in brief, is to review financial statements, internal controls, accounting policies, internal audit reports, related party transactions, risk management systems and functioning of the Whistle Blower mechanism.

The Company has an independent Audit Committee. Of the three members of the Committee, all are independent Directors, with Ms. Soundara Kumar, being the Chairperson. All the members of the Committee have excellent financial and accounting knowledge.

The quarterly financial results are placed before the Audit Committee for its review, suggestions and recommendations, before taking the same to the Board. The Statutory audit plans and progress are shared with the Committee for its review. The internal audit plans are drawn up in consultation with Chief Executive Officer and Chief Financial Officer and the Audit

Committee. The Committee reviews the observations of the internal auditor periodically. The Committee also provides guidance on compliance with the Accounting Standards and accounting policies. The statutory and internal auditors attend the audit committee meetings. The Committee also tracks the implementations of its guidelines/ suggestions through review of action taken reports. The terms of reference of Audit Committee are in line with the enhanced scope for the Committees as laid down under Section 177 of the Companies Act, 2013 and Corporate Governance norms under SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015.

The Committee met four times during the year ended 31 March 2022. The Composition of the Audit Committee and the attendance of each member at these meetings are given in **Table 2** of the annexure A to this Report.

Nomination and Remuneration Committee

The role of the Nomination and Remuneration Committee in accordance with the requirement of Section 178 of the Companies Act, 2013 and the revised Corporate Governance norms. The scope of the Committee includes (a) identify/ recommend to the Board persons qualified to become Directors and for appointment in senior management (b) formulate criteria for evaluation of Independent Directors and the Board (c) devise Board diversity policy and (d) formulate criteria relating to Directors and recommend remuneration policy relating to Directors, key managerial personnel and other employees.

Mr. J Balamurugan, a Non-Executive Director, is the Chairman of the Nomination and Remuneration Committee. The composition of the Committee and the attendance of each member at these meetings are given in **Table 3** of the annexure A to this Report.

Remuneration to Directors

The compensation to the Non-Executive Directors takes the form of commission on profits. Though the shareholders have approved payment of commission up to one per cent of the net profits of the Company for each year calculated as per the provisions of Companies Act, 2013, the actual commission paid to the Directors is restricted to a fixed sum. The sum is reviewed periodically taking into consideration various factors such as performance of the Company, time devoted by the Directors in attending to the affairs and business of the Company and the extent of responsibilities cast on the Directors under various laws and other relevant factors. The Non-Executive Directors are also paid sitting fees as permitted by government regulations for all Board and Committee meetings attended by them.

The details of remuneration paid/payable to the Non-Executive Directors, for the financial year ended 31 March 2022 is given in **Table 4** of the annexure A to this Report.

Corporate Social Responsibility Committee

The Corporate Social Responsibility (CSR) Committee has been constituted to formulate and monitor the implementation of the CSR Policy, as required under the Companies Act, 2013 and the Rules thereunder. The CSR Committee consists of three members including two Independent Directors as its members.

Ms. Soundara Kumar, a Non-Executive Director, is the Chairperson of the Corporate Social Responsibility Committee. The composition of the CSR Committee and the attendance of each member at these meetings are given in **Table 5** of the annexure A to this Report.

Risk Management Committee

The Risk Management Committee's scope includes to specifically identify/monitor key risks of the Company and evaluate the management of such risks for effective mitigation. The Committee provides periodical updates to the Board and provides support in the discharge of the Board's overall responsibility in overseeing the risk management process.

Mr. J Balamurugan, a Non-Executive Director, is the Chairman of the Risk Management Committee. The Committee met once during the year. The Composition of the Committee and attendance of the members at the meeting are given in **Table 7** of the annexure A to this Report.

Performance Evaluation

The annual performance evaluation was carried out pursuant to the provisions of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. As part of the performance evaluation process, an evaluation questionnaire based on the criteria as finalized in consultation with the Directors together with supporting documents was circulated to all the Board members, in advance. The Directors evaluated themselves, the Chairman, Managing Director/ CEO, other Board Members, the Board as well as functioning of the Committees *viz.*, Audit, Nomination & Remuneration, Risk Management, Corporate Social Responsibility and Stakeholders Relationship Committees on the basis of well-defined evaluation parameters as set out in the questionnaire. The duly filled questionnaire received back from the Chairman and all the other Directors.

To take the evaluation exercise forward, all the Independent Directors of the Company met on 22 March 2022, without the attendance of the Non-Independent Directors and members

of the management to discuss *inter alia* the matters specified under Schedule IV of the Companies Act, 2013.

The Board reviewed the process of evaluation of the Board of Directors and its Committees including Chairman, Managing Director/CEO and the Individual Directors.

Related Party Transactions

During financial year under review, all the transactions entered into with Related Parties, as defined under the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 were in the ordinary course of business and on arm's length pricing basis only. Accordingly, these transactions do not attract the provision of Section 188 of the Companies Act, 2013.

Further, there were no materially significant transactions with related parties which were in conflict with the interest of the Company.

The policy for related party transactions approved by the Board had been uploaded on the Company's website (Web link: <http://www.shanthigears.com/wp-content/uploads/2019/05/SGL-RPT-Policy-Mar-2019.pdf>)

Investors' Service

Your Company promptly attends to investors' queries/ grievances. In order to provide timely services, the power to approve transfer of shares has been delegated by the Board to the Share Transfer Committee. The Board has also authorised the Officials to approve transfers/transmissions. Share transfer requests are processed within 15 days from the date of receipt. M/s. S.K.D.C. Consultants Limited, Coimbatore is the Company's share transfer agent.

The Stakeholders Relationship Committee was constituted to specifically focus on investor service levels. This Committee has prescribed norms for attending to the investors' services and the Committee periodically reviews the service standard achieved by the Company and its Registrar and Transfer Agent as against the prescribed norms.

In accordance with the requirements of Section 178 of the Companies Act, 2013 and the revised corporate governance norms, the terms of reference of the Committee have specifically been enhanced to resolve grievances of security holders of the Company including complaints, if any, relating to transfer of shares, non-receipt of Annual Report and non-receipt of dividends etc.

Mr. L Ramkumar, a Non-Executive Director, is the Chairman of the Stakeholders Relationship Committee. The Committee met once during the year ended 31 March 2022. The

composition of the Committee and attendance of its members at the meetings are given in **Table 6** of the annexure A to this Report.

No Investor complaints were pending as at 31 March 2022 and no complaints received during the year.

In order to expedite the redressal of complaints, if any, investors are requested to register their complaints and also to take follow up action, as necessary, at the exclusive e-mail id i.e. cs@shanthigears.murugappa.com. Mr. C Subramaniam, Company Secretary is the Compliance Officer.

Statutory Compliance

The Company attaches the highest importance to compliance with statutes. Every function/department of the business is aware of the requirements of various statutes relevant to them. The Company has system in place to remain updated with the changes in statutes and the means of compliances. An affirmation regarding compliance with the statutes by the heads of functions is placed before the Board on quarterly basis for its review.

Internal Control

The Company is conscious of the importance of the internal processes and controls. The Company has a robust business planning & review mechanism and has adequate internal control systems commensurate with the nature of its business and size. These systems are regularly reviewed and improved upon. The Chief Executive Officer and Chief Financial Officer has certified to the Board on matters relating to financial reporting and related disclosures, compliance with relevant statutes, Accounting Standards and adequacy of internal control systems.

Whistle Blower Policy

Pursuant to the requirements of Section 177 of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company has established a vigil mechanism (Whistle Blower Policy) for the employees and Directors as an avenue to voice concerns relating to unethical behavior, actual or suspected fraud or violation of the Company's code of conduct. The Ombudsperson

appointed by the Board deals with the complaints received and ensures appropriate action. The mechanism also provides adequate safeguards against victimisation of persons using the mechanism and provides direct access to the chairperson of the Audit Committee in appropriate or exceptional cases. No employee was denied access to the Audit Committee.

Compliance of Corporate Governance Norms

The Company has complied with all the mandatory requirements of corporate governance norms during the financial year. Quarterly financial results of the Company are published in leading newspapers and uploaded on the Company's website.

The Board of Directors has laid down a Code of Conduct for all the Board members and the senior management of the Company. The Code of Conduct has been posted on the website of the Company. A declaration of affirmation in this regard certified by the Chief Executive Officer is annexed to this report.

Other Disclosures

A Management Discussion and Analysis Report highlighting the performance of the Company has been included in the Annual Report.

A write up on the risks associated with the business and mitigation plans therefor also forms part of the Board's Report.

Related party transactions during the year have been disclosed as a part of the financial statements as required under the Indian Accounting Standard (Ind AS 24).

There have been no instances of non-compliance by the Company or have any penalty or strictures been imposed on the Company by the Stock Exchanges or the Securities and Exchange Board of India or by any statutory authority on any matter related to the capital markets during the last three years.

General Shareholder Information

A separate Section has been annexed to the Annual Report furnishing various details *viz.*, last three Annual General Meetings, its time and venue, share price movement, distribution of shareholding, location of factories, means of communication etc., for shareholder's reference.

Instructions to Shareholders

(a) Shareholders holding shares in physical form

Requests for change of address must be sent to the Company’s Registrar & Transfer Agent viz., S.K.D.C. Consultants Limited, (“Surya” 35, Mayflower Avenue, Behind Senthil Nagar, Sowripalayam Road, Coimbatore – 641028) (“RTA”) to enable them to forward the dividend warrants to the latest address of Members. Members are also advised to intimate the RTA the details of their bank account to enable incorporation of the same on dividend warrants. This would help prevent any fraudulent encashment of dividend warrants.

(b) Shareholders holding shares in demat form

Shareholders can make use of the National Electronic Clearing Services (“NECS”) of Reserve Bank of India, offered at several centres across the country, to receive dividend payment directly into their bank account, avoiding thereby the hassles relating to handling of physical warrants besides elimination of risk of loss in postal transit/ fraudulent encashment of warrants. The NECS operates on the account number allotted by the Bank post Core Banking Solution implementation. The new Bank account number may kindly be intimated by the shareholders to the Depository Participant.

If there is any change in bank account details, Shareholders are requested to advise their Depository Participant/ Company’s RTA, as the case may be, immediately about the change.

Further, if in case of any change in address, Shareholders are requested to advise their Depository Participant(s) immediately about their new address.

Independent Auditors' Report

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Shanthi Gears Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the [Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Tested the controls placed in Information Technology for overheads allocation in inventory work in progress using the experts. • Traced on a sample basis, the cost of overheads considered for inventory work in progress to the actual cost of expenses accounted in the financial statements. • Tested on a sample basis, the correctness of capturing of cost of overheads from various processes and tested on sample basis the correctness of basis of allocation of overheads in accordance with the GAAP. • Verified on a sample basis, the cost of inventory and sales value agreed for inventory in the sales contract. • Used Information technology expert to validate the Information system configurations that are relevant to allocation of overheads to the inventory work in progress

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Board's Report & Management Discussion and Analysis including annexures to the Board Report, Corporate Governance and Shareholder's Information, but does not include the financial statements, and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement,

whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our

audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors are disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion

on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements;
- ii. The Company did not have any long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

- iv. a) The Management has represented that, to the best of its knowledge and belief, as disclosed in Note 40(iv) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in Note 40(v) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf

- c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The interim dividend declared and paid by the Company during the year and until the date of this report is in accordance with section 123 of the Companies Act 2013.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Report on Internal Financial Controls Over Financial Reporting

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Shanthy Gears Limited (“the Company”) as of 31 March 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under “Report on Other Legal and Regulatory Requirements” section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- i. a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, Capital work-in-progress and investment properties.
- B. The Company has maintained proper records showing full particulars of intangible assets.
- b) Some of the Property, Plant and Equipment and Capital work-in-Progress, were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the Property, Plant and Equipment, at reasonable intervals having regard to the size of the Company and the nature of its activities. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- c) Based on our examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds of all the immovable properties, disclosed in the financial statements included in property, plant and equipment and investment property are held in the name of the Company as at the balance sheet date.
- d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.
- e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. a) The inventories except for goods-in-transit and stocks held with third parties, were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained and in respect of goods intransit, the goods have been received subsequent to the year-end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories, when compared with the books of account.
- b) According to the information and explanations given to us, at any point of time of the year, the Company has not

been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.

- iii. (a) The Company has provided loans or advances in the nature of loans during the year and details of which are given below:

(₹ in Crores)

Particulars	Loans	Advances in nature of loans
A. Aggregate amount granted / provided during the year:		
- Others (Loan to Employees)	0.06	-
B. Balance outstanding as at balance sheet date in respect of above cases:		
- Others (Loan to Employees)	0.02	-

The Company has not provided any guarantee or security to any other entity during the year.

- (b) The terms and conditions of the grant of above-mentioned loans, during the year are, in our opinion, prima facie, not prejudicial to the Company’s interest.
- (c) In respect of above-mentioned loans provided by the Company, the schedule of repayment has been stipulated and the repayments are regular as per stipulation.
- (d) According to information and explanations given to us and based on the audit procedures performed, in respect of above-mentioned loans provided by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) is not applicable.

- iv. According to information and explanation given to us, the Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013, and hence reporting under clause (iv) of the Order is not applicable.

- v. According to the information and explanations given to us, The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.
- vi. The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013 for Gears and Accessories. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- vii. In respect of statutory dues:
 - (a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Customs, Cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities in all cases during the year.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Customs, Cess and other material statutory dues in arrears as at 31 March 2022 for a period of more than six months from the date they became payable.
 - (b) Details of dues of Excise Duty and Income-tax which have not been deposited as on 31 March 2022 on account of disputes are given below:

Name of Statute	Nature of Dues	Amount unpaid (Rs. In Crores)	Period to which the amount relates	Forum where dispute is pending	Remarks, if any
Central Excise Act, 1944	Excise Duty including penalty, on Interunit transfer of Machinery	1.52	Financial year 2005-06	Jurisdictional Officer	
Income Tax Act, 1961	Demand on Dividend distribution tax	0.03	Assessment year 2011-12	Joint Commissioner of Income tax	
Income Tax Act, 1961	Income tax demand payable	4.57	Assessment year 2018-19	Jurisdictional Assessing Officer	

- viii. There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year
- ix. a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause (ix)(a) of the Order is not applicable to the Company.
- b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.
- d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) of the Order is not applicable.
- f) The Company has not raised any loans during the year and hence reporting on clause (ix)(f) of the Order is not applicable.

- x. a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- xi. a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

- xiii. In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto from 1 April 2021 to 31 December 2021 and the final internal audit report were issued after the balance sheet date covering the period from 1 January 2022 to 31 March 2022 for the period under audit.
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or directors of its holding company, or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.
- b) The Group has more than one CIC as part of the group. There are two CIC forming part of the group.

- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists, as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

NOTES TO FINANCIAL STATEMENTS

1. Corporate Information

Shanthi Gears Limited (the Company) is a Public Limited Company domiciled in India and listed on BSE Limited and National Stock Exchange of India Limited. The Company is in the business of design, manufacture, supply and servicing of gears and gear boxes. The registered office of the Company is located at 304-A, Trichy Road, Singanallur, Coimbatore, Tamil Nadu.

The financial statements were authorised for issue in accordance with a resolution of the directors on 7 May 2022.

2. Basis of Preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

The financial statements have been prepared on a historical cost basis, except for certain financial assets measured at fair value at the end of the reporting period (refer note 3.2: accounting policy regarding fair value measurement).

The financial statements are presented in INR and all values are rounded to the nearest crores, except when otherwise indicated.

3. Significant Accounting Policies

3.1. Presentation and disclosure of financial statements

An asset has been classified as current when it satisfies any of the following criteria;

- It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realized within twelve months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

A liability has been classified as current when it satisfies any of the following criteria;

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within twelve months after the reporting date; or
- The company does not have an unconditional right to defer settlements of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets and liabilities have been classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products/activities, the Company has determined its operating cycle as twelve months for the above purpose of classification as current and non-current.

3.2. Fair Value Measurement

The Company measures financial instruments, such as, investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

NOTES TO FINANCIAL STATEMENTS

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3.3. Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires the Management to make judgements, estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses like provision for employee benefits, provision for doubtful trade receivables/ advances/contingencies, provision for warranties, allowance for slow/non-moving inventories, useful life of Property, Plant and Equipment, provision for taxation, etc., during the reporting year. The Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results may vary from these estimates.

3.4. Cash and Cash Equivalents (for the purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amount of cash and which are subject to insignificant risk of change in value.

3.5. Cash Flow Statement

Cash flows are reported using the indirect method, whereby Profit / (Loss) after tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3.6. Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation and impairment losses, if any. Freehold land is measured at cost and not depreciated. Cost includes related taxes, duties, freight, insurance, etc. attributable to the acquisition, installation of the fixed assets but excludes duties and taxes that are recoverable from tax authorities.

Machinery Spares including spare parts, stand-by and servicing equipment are capitalised as property, plant and equipment if they meet the definition of property, plant and equipment i.e. if the company intends to use these for more than a period of 12 months. These spare parts capitalized are depreciated as per Ind AS 16.

Subsequent expenditure relating to Property, Plant and Equipment is capitalised only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Material replacement cost is capitalized provided it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. When replacement cost is eligible for capitalization, the carrying amount of those parts that are replaced in derecognized. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful life.

The Company identifies and determines cost of each component/part of the asset separately, if the component/part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Capital Work-in-Progress: Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost and attributable interest. Once it becomes available for use, their cost is re-classified to appropriate caption and are subjected to depreciation.

3.7. Investment Properties

Investment property represents property held to earn rentals or for capital appreciation or both.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost-based measurement, the fair value of investment property is disclosed in the notes. The fair value of the investment properties is determined based on the capitalisation of net income method, where the market rentals of all the lettable units was considered.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the statement of profit and loss in the period of de-recognition.

3.8. Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and

NOTES TO FINANCIAL STATEMENTS

amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

3.9. Impairment of Assets

The carrying values of assets/cash generating units are reviewed at each Balance Sheet date to determine whether there is any indication of impairment of the carrying amount of the Company's assets. If any indication exists, an asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of the asset exceeds the recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognised in the Statement of Profit and Loss.

3.10. Inventories

Raw materials and stores & spare parts are valued at lower of weighted average cost (net of allowances) and estimated net realisable value. Cost includes freight, taxes and duties and is net of credit under GST scheme, where applicable. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Work-in-progress and finished goods are valued at lower of weighted average cost (net of allowances) and estimated net realisable value. Cost includes all direct costs and appropriate proportion of overheads to bring the goods to the present location and condition.

Due allowance is made for slow/non-moving items, based on Management estimates.

Cost of Traded goods includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

3.11. Revenue and Other Income

Revenue is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. The Company is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

However, Goods and Services tax (GST) are not received by the Company on its own account. Rather, it is tax collected on value

added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

Sale of Goods and Services:

Revenue from sale of goods is recognised when control of the goods is transferred to the Customers. The normal credit term is 30 to 120 days from the invoice date. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Rendering of Services:

Service revenues are recognised when services are rendered, and when the outcome of the transaction can be estimated reliably.

Dividends:

Dividend income is accounted for when the right to receive it is established as on the date of Balance Sheet.

Interest Income:

For all debt instruments measured at amortised cost, interest income is recognised on time proportion basis, taking into account the amount outstanding and effective interest rate.

Rental Income:

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature.

3.12. Government Grants and Export benefits

Government grants are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants will be received. When the grant from the Government relates to an expense item, it is recognised as income on a systematic basis in the statement of profit and loss over the period necessary to match them with the related costs, which they are intended to compensate. When the grant relates to an asset, it is recognised as income based on the fulfilment of export obligation.

Export benefits are accounted for in the year of exports based on eligibility and when there is reasonable certainty in receiving the same. In the case of Export promotion capital goods(EPCG) grant, the company recognise the grant in the Statement of Profit and Loss based on the condition of fulfilment of export obligation.

3.13. Employee Benefits

I. Defined Contribution Plan

a. Provident Fund

Contributions are made to the Regional Provident Fund in accordance with the fund rules. The interest rate payable to the beneficiaries every year is being notified by the Government.

NOTES TO FINANCIAL STATEMENTS

b. Employee State Insurance

Contributions to Employees State Insurance Scheme are recognised as expense in the year in which the services are rendered.

II. Defined Benefit Plan

Gratuity

The Company makes annual contribution to a Gratuity Fund administered by trustees and managed by Life Insurance Corporation of India (LIC). The Company accounts its liability for future gratuity benefits based on actuarial valuation, as at the Balance Sheet date, determined every year using the Projected Unit Credit method. Actuarial gains/losses are immediately recognised in retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not re-classified to profit or loss in subsequent periods. Past service cost is recognised immediately to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The defined benefit obligation recognised in the balance sheet represents the present value of the Defined Benefit Obligation less the Fair Value of Plan Assets out of which the obligations are expected to be settled and adjusted for unrecognised past service cost, if any. Any asset arising out of this calculation is limited to the past service cost plus the present value of available refunds and reduction in future contributions. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the changes in Service costs comprising current service costs, past-service costs and Net interest expense or income of the net defined benefit obligation as an expense in the Statement of Profit and Loss.

III. Long-Term Employee Benefits

The Company makes an annual contribution to LIC in satisfaction of its liability towards compensated absence of a long-term nature based on actuarial valuation on the Balance Sheet date using the Projected Unit Credit Method.

IV. Short-Term Employee Benefits

Short-term employee benefits include short term compensated absences which is recognized based on the eligible leave at credit on the Balance Sheet date, and the estimated cost is based on the terms of the employment contract.

3.14. Operating Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as lessee - Short-term leases

The Company applies the short-term lease recognition exemption to its short-term leases of Buildings (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognised as expense on a straight-line basis over the lease term.

Company as Lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Contingent rents are recognised as revenue in the period in which they are earned.

3.15. Foreign Currency Transactions

Initial recognition

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement as at Balance Sheet Date

Foreign currency monetary items of the Company outstanding at the Balance Sheet date are restated at year end exchange rates.

Non-monetary items carried at historical cost are translated using the exchange rates at the dates of initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

Treatment of exchange differences

Exchange differences arising on settlement/restatement of foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

3.16. Depreciation and Amortisation

Depreciation on assets (other than freehold land) has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.:

Description of Assets	Useful life and Basis of depreciation/Amortisation
Furniture and Fixtures	5 Years
Motor Cars	4 Years
Office Equipment (including Data Processing Equipment)	3 Years
Plant & Machinery	15 Years
Computer Software	3 Years

NOTES TO FINANCIAL STATEMENTS

Depreciation is provided on pro-rata basis from the date of Capitalisation.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period. The Company also has a system of providing additional depreciation, where, in the opinion of the Management, the recovery of the fixed asset is likely to be affected by the variation in demand and/or its condition/usability.

3.17. Research and Development

Revenue expenditure on research and development is expensed when incurred. Capital expenditure on research and development is capitalised under Property, Plant and Equipment and depreciated in accordance with Note 3.16 above.

3.18. Taxes on Income

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively

3.19. Provisions and Contingent Liabilities

A provision is recognized when an enterprise has a present obligation (legal or constructive) as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect

of which a reliable estimate can be made. Provisions are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions for warranty-related costs are recognized when the product is sold or service provided. Provision is estimated based on historical experience and technical estimates. The estimate of such warranty-related costs is reviewed annually.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

3.20. GST input credit

GST input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

3.21. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one Company and a financial liability.

A. Financial assets**i. Initial recognition and measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

ii. Subsequent measurement

For purposes of subsequent measurement, Debt instruments are measured at amortised cost

iii. De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is derecognised primarily when:

- The rights to receive cash flows from the asset have expired, or

NOTES TO FINANCIAL STATEMENTS

- the Company has transferred substantially all the risks and rewards of the asset

iv. Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The Balance Sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

B. Financial liabilities**i. Initial recognition and measurement**

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Company's financial liabilities include trade and other payables.

ii. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains / losses attributable to changes in own credit risks are recognized in OCI. These gains/ losses are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

29. Significant accounting judgements, estimates and assumptions

The preparation of the Company's Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the Financial Statements:

Operating lease commitments – Company as lessor

The Company has entered into commercial property leases on its investment property portfolio. The Company has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property and the fair value of the asset, that it retains all the significant risks and rewards of ownership of these properties and accounts for the contracts as operating leases

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the Financial Statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

NOTES TO FINANCIAL STATEMENTS

Property, Plant and Equipment and Investment Property

The Company has estimated the useful life of Property, Plant and equipment and Investment Property as per the useful life prescribed in Schedule II of the Companies Act 2013 except in respect of certain categories of assets as described in Note No. 3.16.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment leave encashment benefit and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Further details about defined benefit obligations are given in Note 30.

Allowances for slow / Non-moving Inventory and obsolescence

An allowance for Inventory is recognised for cases where the realisable value is estimated to be lower than the inventory carrying value. The inventory allowance is estimated taking into account various factors, including prevailing sales prices of inventory item and losses associated with obsolete / slow-moving / redundant inventory items. The Company has, based on these assessments, made adequate provision in the books.

30. Employee Benefits Obligation**a. Defined Contribution Plan**

The Company makes Provident Fund and Employee State Insurance Scheme contributions which are defined contribution plans for qualifying employees. Under the scheme the Company is required to contribute a specified percentage of the payroll cost to fund the benefit. The Company recognised ₹2.09 crores (Previous year ₹1.97 crores) for Provident Fund contribution, ₹0.09 crores (Previous year ₹0.10 crores) for Employee State Insurance Scheme in the Statement of Profit and Loss. The contribution payable to these plans by the Company are at the rates specified in the rules of the scheme.

b. Defined Benefit Plan**(i) Gratuity**

Under the Gratuity plan operated by the Company, every employee who has completed at least five years of service gets a Gratuity on departure at 15 days on last drawn salary for each completed year of service as per Payment of Gratuity Act, 1972. The scheme is funded with an Insurance Company in the form of qualifying insurance policy. The following table summarizes the components of net benefit expense recognised in the Statement of profit and loss and the funded status and amounts recognised in the Balance Sheet.

Notes:

- i. The entire Plan Assets are managed by LIC. In the absence of the relevant information from LIC/Actuary, the above details do not include the composition of plan assets.
- ii. The expected return on Plan Assets is as furnished by LIC.
- iii. The estimate of future salary increase takes into account inflation, likely increments, promotions and other relevant factors.
- iv. The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

c. Long Term Compensated Absences

Actuarial Assumption	31 March 2022	31 March 2021
Discount Rate	7%	7%
Future Salary Increase	5%	4%
Attrition Rate	3%	3%
Expected Rate of Return on Plan Assets	7%	7%

These plans typically expose the Company to actuarial risk such as interest rate risk, longevity risk and salary risk.

Interest Rate Risk: A decrease in the bond interest rate will increase the plan liability.

Longevity Risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

37 Capital management

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Company. The Company determines the amount of capital required on the basis of annual operating plans and long-term product and other strategic investment plans. The company is equity financed and has always been a net cash company with cash and bank balances along with investment which is predominantly invested in liquid and short-term mutual funds.

38 Financial risk management objectives and policies

The Company's principal financial liabilities comprise of trade payables. The Company has various financial assets such as trade receivables and cash and short-term deposits, which arise directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by a Risk Management Committee that advises on financial risks and the appropriate financial risk governance framework for the Company. The Risk Management Committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken.

A. MARKET RISK

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

Foreign currency exchange rate risk

The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a simultaneous parallel foreign exchange rates shift in the foreign exchange rates of each currency by 1%.

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to 1% appreciation in USD, EURO and GBP exchange rates on foreign currency exposures as at the year end, with all other variables held constant. The Company's exposure to foreign currency changes for all other currencies is not material

B. CREDIT RISK

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks.

Financial instruments that are subject to concentrations of credit risk, principally consist of trade receivables and loans and advances. None of the financial instruments of the Company result in material concentrations of credit risks.

Exposure to credit risk - The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹142.14 Crores as at 31 March 2022 and ₹106.45 Crores as at 31 March 2021, being the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables and other financial assets.

Customer credit risk is managed by the Company subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. At 31 March 2022, the Company has 3 customers (31 March 2021: 2 customer), the receivables from whom exceeds 5% of total receivables which amounts to approximately 21% (31 March 2021: 13%) of all the total receivables outstanding.

The ageing of trade receivables as of balance sheet date is given below. The age analysis has been considered from the due date. The provision for the not due and less than six months receivables represents expected credit loss. (₹ Crores)

Trade Receivables	As at 31 March 2022			As at 31 March 2021		
	Gross	Provision	Net	Gross	Provision	Net
